## Justice, Peace and Integrity of Creation

For Facebook, Jan. 7, 2021

The Sisters of Notre Dame of the United States strongly condemn the violence at the U.S. Capitol on January 6, 2021. We continue to pray for peace and a government that honors the dignity of the human person.

We renew our commitment to respectful dialogue and join with all people of good will in maintaining a peaceful approach toward renewed civility.

We pray for the members of Congress and all members of our government as they work each day to ensure that our democracy represents and works for the good of all people of the United States.
